Cwricwlwm sy'n cael ei lywio gan bwrpas

Gofyn pam mae dysgu'n bwysig:

Ystyr...	Nid yw'n golygu...
Yn cryfhau dysgu , sy'n golygu nad yw'r dysgu pwysig yn fater o siawns	Tybiaeth y bydd dysgwyr yn dysgu'r hyn sy'n bwysig trwy gweithio trwy gynnwys
Yn miniogi'r dysgu , gan ei wneud yn fwy soffistigedig a heriol	Ystyried y cynnwys fel y brif her Diffyg gofal manwl wrth ddatblygu cynnwys
Yn amlygu cynnydd : pa ddatblygiad yr ydym am ei feithrin?	Diffiniad cynnydd sy'n ymwneud ag ymdrin â chynnwys neu gyrhaeddiad dulliau asesu penodol
Yn amlygu cysylltiadau ar draws y dysgu	Caniatáu cynnwys mewn gwagle neu sy ddim yn wir fodloni diben

Asking why learning matters:

Meaning	Doesn't....
Strengthens learning : meaning the important learning isn't left to chance	Assume that by covering content learners will pick up the important learning
Sharpens learning : making it more sophisticated and challenging	Treat the content itself as the main challenge A lack of rigour in content developed
Informs progression : what development do we want to enable?	Define progression as covering content or attainment of specific assessment approaches
Highlights connections across learning	Allow content which is siloed or shoe-horned

Your 'Why'...

This is a personal reflection exercise to connect you to the things that matter most in your professional role as a practitioner. As you approach the sessions today, we ask that you reflect on some of these questions and begin to understand your responses to some of the ideas and resources that you come into contact with.

Please answer the following questions as openly as you feel able to. You do not have to share all or any of the information with anyone else.

What has been your practitioner journey to date? What inspired you to work in education? How has it influenced your work with children?

What are you passionate about in life? How do these passions show up in your classroom? How do these passions influence your view of the purpose of education?

What key milestones would you identify in your personal background and life experiences? How do these experiences influence your view of the world? How might these factors influence your beliefs and values as a practitioner?

'Teachers plant seeds that grow forever'

On your tables, you will
find a reflection sheet.

There is NO
expectation for you to
share your thoughts
with anyone else unless
you feel comfortable.

We would like you to
focus on YOUR WHY
and keep this in mind
as you meet the ideas
and resources
throughout the day.

2 Curriculum design processes

Key message How we design our curriculum is key to supporting progress, and our curriculum should evolve over time to enable progression

What should we consider when developing our approach? Why?

The Curriculum for Wales Guidance sets out what elements to include in our curriculum design, including on the progression steps and principles of progression. To support a shared understanding of progression, how we develop our curriculum is also crucial:

- **Collaboration:** we need to work together within our setting, and with other schools in our cluster, to plan for the progress we want learners to make
- **School-specific:** we need to make the curriculum our own, specific to our context and learners – what do we want our learners to know and be able to do?
- **Knowing our learners:** we need to know them to go, and how they can get there – review
- **Thinking 3-16:** we should have an aware broader journey from 3 to 16 and use this learners build the skills, knowledge, and
- **Equity:** our curriculum should be accessible to all learners
- **Refining and improving:** as we go forward, build on what we know supports progression

2 Prosesau dylunio cwricwlwm

Neges allweddol Mae sut rydym yn cynllunio ein cwricwlwm yn allweddol i gefnogi cynnydd, a dylai ein cwricwlwm esblygu dros amser i alluogi cynnydd

Beth ddylen ni ei ystyried wrth ddatblygu ein hymagwedd? Pam?

Mae Canllawiau Cwricwlwm i Gymru yn nodi pa elfennau i'w cynnwys yn ein cynllun cwricwlwm, gan gynnwys yr camau cynydd ac egwyddorion cynydd. I gefnogi cyd-dealltwriaeth o gynnwys, mae sut rydym yn datblygu ein cwricwlwm hefyd yn hollbwysig:

- **Cydweliad:** mae angen i ni gydwelio a fewn ein lleoliad, a gydag ysgolion eraill yn ein clwstwr, i'w cynllunio ar gyfer y cynydd yr ydym am i ddysgwyr ei wneud
- **Ysgol-benodol:** mae angen i ni wneud y cwricwlwm yn un ein hunain, yn benodol i'n cyd-dealltwriaeth o'r dysgwyr – beth rydym an i'n dysgwyr ei ddysgu, a pham?
- **Adnabod ein dysgwyr:** mae angen i ni wybod ble mae ein dysgwyr ar hyn o bryd, i ble rydym ni eisiau iddyn nhw fynd, a sut gallan nhw gyrraedd yno – rydym ni'n bwyo hyd yn mewn i'n cynllun cwricwlwm a'n hadoliadig parhaus
- **Meddwl 3-16:** dylem fod yn ymwybodol mit yn unig o'n cyd-dealltwriaeth ein hunain, ond o daith ehangach y dysgwyr o 3-16 oed a defnyddio hyn i gefnogi portio – sut gall ein cwricwlwm helpu dysgwyr i feithrin y sgiliau, y wybodaeth, a'r tueddadau y bydd eu hangen arymt yn diweddarach?
- **Tegwch:** dylai ein cwricwlwm fod yn hygrych i bob dysgwyr
- **Mireinio a gwella:** wrth i ni symud ymlaen, mae angen i ni fod yn barod i ailedrych ar ein cwricwlwm i adelladu ar yr hyn y gwyddom sy'n cefnogi cynnydd, a newid yr hyn nad yw'n gwethio

Mae dysgwyr yn arwain ein cynllun cwricwlwm, nid y ffodd arall

Mae rai o'r cogiau hyn yn darparu dealleni i deunyddiau eraill i helpu i adelladu eich dullau gwethredol, gan gynnwys gwaith ysgolion eraill:

Consider the Designing your Curriculum section for your Area (which are full of different considerations for how to integrate different cross-cutting elements into an Area) and discuss the following questions in your groups:

1. How are we using **purpose** to inform our selection of content?
2. How would we expect learners to **demonstrate their understanding** of this content? What other indicators of progression might we see from learners?
3. How are we designing a **range of assessment opportunities** that help practitioners and learners to understand the progress being made?
4. What particular implications does this have for **pedagogy** within this Area of Learning and Experience?

#Trafod Addysgeg, Meddwl am Ddysgu

#Talk Pedagogy, Think Learning

Y gwirionedd yw bod ein plant a'n cymunedau angen math gwahanol o addysg... ac er mwyn deall sut beth yw'r addysg hon a sut mae'n teimlo, rhaid i ni'n wirioneddol ddychwelyd i'r pethau sylfaenol. Nid ydynt yn set neilltuol o bynciau neu ddulliau addysgu neu strategaethau asesu. Y rhain yw'r pwrpasau sylfaenol y dylai addysg eu gwasanaethu o'r cychwyn cyntaf.

I'w bodloni, mae angen newid sylweddol arnom o ran ein meddylfryd am ysgol a'n gwaith yno – gan symud i ffwrdd o'r hen fodel ddiwydiannol i un sy'n seiliedig ar egwyddorion ac ymarferion cwbl wahanol. Mae pawb yn wahanol, pobl o bob lliw a llun, a'u galluoedd a'u cymeriadau'n wahanol hefyd. Mae deall y gwirionedd sylfaenol hwn yn allweddol er mwyn i ni allu weld sut y dylid gweddnewid y system.

I wneud hynny, rhaid i ni newid y stori: mae angen metaffor gwell arnom.

Ken Robinson (2016)

The fact is that our children and our communities need a different sort of education....to understand what this sort of education looks and feels like we really do need to get back to basics. They are not a particular set of subjects or teaching methods or assessment strategies. They are the underlying purposes that education is meant to serve in the first place.

To meet them, we need a radical change in how we think about and do school – a shift from the old industrial model to one based on entirely different principles and practices. People do not come in standard sizes or shapes, nor do their abilities and personalities. Understanding this basic truth is the key to seeing how the system can be transformed.

To do that we have to change the story: we need a better metaphor.

Ken Robinson (2016)
